

NEW MEXICO SCHOOL BOARDS ASSOCIATION

"Serving New Mexico's School Boards since 1958"

2023 LEGISLATIVE PROGRAM

I. Introduction

The mission of the New Mexico School Boards Association (NMSBA), as an advocate for public education, is to provide leadership and services that enable local boards of education to govern effectively. Through NMSBA, local boards of education are involved in the

legislative process to achieve needed school and program reforms. Each of these efforts is focused on the belief that every student is entitled to a free and quality public education.

Every year NMSBA issues a call for resolutions enabling local school boards to express their opinions on educational issues requiring attention by the State Legislature. After a comprehensive analysis of the resolutions by the NMSBA Resolutions and Legislative Committee, they are presented to the full membership at the Annual Delegate Assembly for discussion, debate and adoption. Our 2023 Legislative Program represents the collective voice of New Mexico's

89 school boards comprised of over 450 elected school board members.

The 2023 Legislative Session will be a challenging 60 day session with many important financial and policy issues to address. We trust our Legislative Program effectively highlights our priorities to share with New Mexico's Legislative, Executive and State Education Leaders.

NMSBA utilizes three guiding principles to develop our Legislative Program. The principles are also utilized to evaluate legislation introduced during the session that was not anticipated and did not go through our legislative review process. The guiding principles follow.

II. Guiding Principles

NMSBA's three guiding principles utilized to evaluate legislation affecting public education are:

★ Local Control

One of the important components of a successful public education system is local control and flexibility in decision-making. NMSBA believes that local control must be preserved and, when possible, expanded. NMSBA opposes legislation that attempts to diminish or take away local decision-

making and supports legislation that maintains or expands local control and flexibility in decision-making authority.

Adequate Funding

NMSBA believes funding for public schools, should be appropriated at a level that assures every student receives a quality education based on individualized student needs. Funds should be appropriated in a recurring manner that preserves the ability of school boards to utilize funds

within their districts to meet local priorities and the diverse needs of their students and communities.

Unfunded Mandates

NMSBA opposes legislation that mandates school districts to implement new programs or activities without providing necessary financial resources. NMSBA will also continue to advocate for resources to carryout unfunded mandates previously imposed on districts.

III. Appropriations & Operations

★ SEG Funding/Above the Line

NMSBA supports funding to the SEG "above the line". It is our belief that "below the line" appropriations dis-equalizes funding to local districts.

NMSBA Also Supports

Sufficient funding for administrative and support staff; instructional materials; community schools programs; inter-vention programs; special education pro-grams; and increases to the unit value as called for in the State Constitution.

Anti-Underage Student Vaping

NMSBA supports funding for school and community education to address the vaping epidemic in schools.

Broadband Access

NMSBA supports funding for all stu-dents to be provided with Internet ac-cess, and a statewide committee with school board, superintendent and NMPED representation to establish broadband access for all residents.

Bullying Prevention

NMSBA supports funding to support the costs associated with development of bullying prevention programs curricu-lum and professional development.

Career and Technical Pathways

NMSBA supports funding for STEM & career and technical pathways, financial assistance, job intern opportunities and an option for vocational endorsement for occupation subjects.

Cigarettes & Tobacco Regulation

NMSBA supports legislation to repeal the preempting of stricter city and county regulations on the sale of tobac-co products and smoking devices.

Operating Budget Hold Harmless

NMSBA supports legislation that holds public schools harmless from reductions to operating budgets due to declining enrollment which guarantees schools receive no fewer SEG reve-nues than prior year pre-pandemic levels.

★ Operating Reserves

NMSBA supports legislation that pre-serves and protects local operating reserves (cash balances) without pen-alty.

Co-Curricular and Extracurricular

NMSBA supports full funding for co-co- curricular and extracurricular activities including music, arts, and athletics.

Compulsory Attendance/Ttruancy

NMSBA supports funding to assist state agencies with the enforcement of Compulsory Attendance Laws.

★ Cultural Responsive Curriculum

NMSBA supports legislation to fund culturally and linguistically responsive curriculum and materials; accountability reporting and training to engage in the work necessary to address educational disparities among racial groups.

Dual Credit Programs

NMSBA supports increased funding for and equitable access to dual credit pro-grams and opposes action to restrict or limit student enrollment.

★ Extended Learning Programs

NMSBA supports legislation to continue extended learning programs along with flexibility in the K-5 Plus Program to

At-Risk Funding

NMSBA supports increased funding in the SEG for at-risk students with hold harmless provisions ensuring additional funding for all districts.

Small School Districts

NMSBA supports SEG adjustments to enable small districts to operate at a base level without reliance on supple-mental emergency funds. NMSBA op-poses mandatory consolidation of small districts for budgetary reasons.

help increase student participation and adjust to family schedules; allow flexi-bility for a 15-day program to be con-tinued; and provide funding to update all curriculum and materials.

★ Health Insurance Costs

NMSBA supports full funding for the 80/20 rule for insurance premiums al-lowing public school employees to pay 20% and the district to pay 80% re-gardless of salary. We also support a study leading to full funding for a com-petitive employee benefits package.

High School ADOC Authority

NMSBA opposes efforts to remove school board authority to make educa-tional policy decisions regarding alter-native demonstration of competencies and supports dropping the Algebra II requirement necessary for high school graduation.

Impact Aid

NMSBA supports a hold harmless provi-sion from any reductions to district operating budgets as a result of the U.S. Department of Education's ruling on federal impact aid distributions.
